

TYWARDREATH & PAR PARISH NEIGHBOURHOOD PLAN

Press Release: sent to media throughout Cornwall with a selection of photos.

Tywardreath and Par Parish – planning for the future

Developing a neighbourhood plan is a juggling act. Affordable homes, supporting businesses, improving transport links and promoting energy efficiency all come into play. But for Tywardreath and Par Parish, building on the wonderful ‘community spirit’ is vital.

In July, Tywardreath Trotters organise races in the local countryside. Par Carnival is a festive sight in August. Par Track normally buzzes all year with its green trail and pump/skateboard park.

“Health and wellbeing, including blue/green spaces, tranquillity, environmental protection and enhancement, and an appreciation of cultural distinctiveness and the historic environment are key features” of the plan, says Cornwall Council.

Par is unique, with its mainline railway station and relatively flat access to Par Beach. The St Andrew’s Rd. Wetlands Reserve, duck pond and ‘bunny field’ link through to Tywardreath Marsh. The wet woodlands are all home to an abundance of wildlife.

Tywardreath and the hinterland offer superb opportunities for walking, running and horse-riding along tranquil footpaths, quiet lanes, the Saints Way and the Cornish Celtic Way. All these green spaces have beautiful views and glimpses of the rich heritage of the area.

A neighbourhood plan can protect and enhance all the above. We need the community to show their support and send us their comments. The draft plan is out for consultation now on Tywardreath and Par Parish Council website at:
