

Tywardreath and Par Parish residents vote YES!

The Steering Group is delighted to report that the Tywardreath and Par Parish Neighbourhood Development Plan was successful at referendum.

90.86% voted in favour of the NDP.

8.78% voted against.

The turnout for NDP referendums in Cornwall in 2021 has generally been in the 12.5% to 22% range, so the turnout in our parish is towards the top end of this range at 21.60%.

[You will find the Cornwall Council Declaration of Result here.](#)

This result means that the NDP carries legal weight and is made (adopted). Its importance is equal to that of the Cornwall Local Plan, and Development Officers will refer to our NDP when deciding whether to accept or refuse planning applications in Tywardreath and Par Parish.

Thank you for supporting the NDP
